

Title: XSS

Severity: 2/10

Risk Level: LOW

URL: <http://testphp.vulnweb.com:80/hpp/?pp=12>

Parameter: pp

Description:

- Cross-Site Scripting detected on `pp`. Input is reflected or stored without proper sanitization.
- Low severity suggests informational or low-impact behavior.

Proof of Concept:

<http://testphp.vulnweb.com:80/hpp/?pp=12?pp=<payload>>

Impact:

Potential data leakage, account takeover, or client-side attack.

Remediation:

Validate input, sanitize output, and use parameterized queries.
