

Title: Suspicious Parameter

Severity: 0/10

Risk Level: LOW

URL: <https://business.twitter.com/en/help/troubleshooting/how-twitter-ads-work.html?ref=web-twc-ao-gbl-adsin>

Parameter: utm_content

Description:

- No direct exploit detected, but parameter is user-controlled and should be monitored.
- Low severity suggests informational or low-impact behavior.

Proof of Concept:

<https://business.twitter.com/en/help/troubleshooting/how-twitter-ads-work.html?ref=web-twc-ao-gbl-adsin>

Impact:

Potential data leakage, account takeover, or client-side attack.

Remediation:

Validate input, sanitize output, and use parameterized queries.
