

Vulnerability Assessment Report

Target: http://testphp.vulnweb.com

Date: 2026-02-17

Overall Risk Rating: Medium

Technical Findings

1. Unnamed Vulnerability

Severity: Medium

Endpoint: http://testphp.vulnweb.com

Description: N/A

Impact: Potential security impact.

Remediation: Apply security best practices.

2. Unnamed Vulnerability

Severity: Medium

Endpoint: http://testphp.vulnweb.com

Description: N/A

Impact: Potential security impact.

Remediation: Apply security best practices.

3. Unnamed Vulnerability

Severity: Medium

Endpoint: http://testphp.vulnweb.com

Description: N/A

Impact: Potential security impact.

Remediation: Apply security best practices.

4. Unnamed Vulnerability

Severity: Medium

Endpoint: <http://testphp.vulnweb.com>

Description: N/A

Impact: Potential security impact.

Remediation: Apply security best practices.

5. Unnamed Vulnerability

Severity: Medium

Endpoint: <http://testphp.vulnweb.com>

Description: N/A

Impact: Potential security impact.

Remediation: Apply security best practices.
