

Vulnerability Report

Target: <http://testphp.vulnweb.com>
Generated on 2026-02-22 01:49:36.644938

Title: Missing Content-Security-Policy
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com>
Parameter: N/A

Description: Missing Content-Security-Policy was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Frame-Options
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com>
Parameter: N/A

Description: Missing X-Frame-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing HSTS
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com>
Parameter: N/A

Description: Missing HSTS was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Content-Type-Options
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com>
Parameter: N/A

Description: Missing X-Content-Type-Options was detected during automated analysis.

Proof of Concept: Proof of concept not automatically captured.

Impact: This issue may expose the application to security risks.

Remediation: Apply proper security best practices and input validation.

Title: Server Version Disclosure

Severity: 6.0/10

Risk Level: Medium

URL: <http://testphp.vulnweb.com>

Parameter: N/A

Description: Server Version Disclosure was detected during automated analysis.

Proof of Concept: Proof of concept not automatically captured.

Impact: This issue may expose the application to security risks.

Remediation: Apply proper security best practices and input validation.

Title: Missing Content-Security-Policy

Severity: 6.0/10

Risk Level: Medium

URL: <http://testphp.vulnweb.com/index.php>

Parameter: N/A

Description: Missing Content-Security-Policy was detected during automated analysis.

Proof of Concept: Proof of concept not automatically captured.

Impact: This issue may expose the application to security risks.

Remediation: Apply proper security best practices and input validation.

Title: Missing X-Frame-Options

Severity: 6.0/10

Risk Level: Medium

URL: <http://testphp.vulnweb.com/index.php>

Parameter: N/A

Description: Missing X-Frame-Options was detected during automated analysis.

Proof of Concept: Proof of concept not automatically captured.

Impact: This issue may expose the application to security risks.

Remediation: Apply proper security best practices and input validation.

Title: Missing HSTS

Severity: 6.0/10

Risk Level: Medium

URL: <http://testphp.vulnweb.com/index.php>

Parameter: N/A

Description: Missing HSTS was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Content-Type-Options
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/index.php>
Parameter: N/A

Description: Missing X-Content-Type-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Server Version Disclosure
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/index.php>
Parameter: N/A

Description: Server Version Disclosure was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing Content-Security-Policy
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/categories.php>
Parameter: N/A

Description: Missing Content-Security-Policy was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Frame-Options
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/categories.php>
Parameter: N/A

Description: Missing X-Frame-Options was detected during automated analysis.

Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing HSTS
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/categories.php>
Parameter: N/A

Description: Missing HSTS was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Content-Type-Options
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/categories.php>
Parameter: N/A

Description: Missing X-Content-Type-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Server Version Disclosure
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/categories.php>
Parameter: N/A

Description: Server Version Disclosure was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing Content-Security-Policy
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/artists.php>
Parameter: N/A

Description: Missing Content-Security-Policy was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.

Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Frame-Options
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/artists.php>
Parameter: N/A

Description: Missing X-Frame-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing HSTS
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/artists.php>
Parameter: N/A

Description: Missing HSTS was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Content-Type-Options
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/artists.php>
Parameter: N/A

Description: Missing X-Content-Type-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Server Version Disclosure
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/artists.php>
Parameter: N/A

Description: Server Version Disclosure was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.

Remediation: Apply proper security best practices and input validation.

Title: Missing Content-Security-Policy

Severity: 6.0/10

Risk Level: Medium

URL: <http://testphp.vulnweb.com/disclaimer.php>

Parameter: N/A

Description: Missing Content-Security-Policy was detected during automated analysis.

Proof of Concept: Proof of concept not automatically captured.

Impact: This issue may expose the application to security risks.

Remediation: Apply proper security best practices and input validation.

Title: Missing X-Frame-Options

Severity: 6.0/10

Risk Level: Medium

URL: <http://testphp.vulnweb.com/disclaimer.php>

Parameter: N/A

Description: Missing X-Frame-Options was detected during automated analysis.

Proof of Concept: Proof of concept not automatically captured.

Impact: This issue may expose the application to security risks.

Remediation: Apply proper security best practices and input validation.

Title: Missing HSTS

Severity: 6.0/10

Risk Level: Medium

URL: <http://testphp.vulnweb.com/disclaimer.php>

Parameter: N/A

Description: Missing HSTS was detected during automated analysis.

Proof of Concept: Proof of concept not automatically captured.

Impact: This issue may expose the application to security risks.

Remediation: Apply proper security best practices and input validation.

Title: Missing X-Content-Type-Options

Severity: 6.0/10

Risk Level: Medium

URL: <http://testphp.vulnweb.com/disclaimer.php>

Parameter: N/A

Description: Missing X-Content-Type-Options was detected during automated analysis.

Proof of Concept: Proof of concept not automatically captured.

Impact: This issue may expose the application to security risks.

Remediation: Apply proper security best practices and input validation.

Title: Server Version Disclosure
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/disclaimer.php>
Parameter: N/A

Description: Server Version Disclosure was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing Content-Security-Policy
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/cart.php>
Parameter: N/A

Description: Missing Content-Security-Policy was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Frame-Options
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/cart.php>
Parameter: N/A

Description: Missing X-Frame-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing HSTS
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/cart.php>
Parameter: N/A

Description: Missing HSTS was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Content-Type-Options
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/cart.php>
Parameter: N/A

Description: Missing X-Content-Type-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Server Version Disclosure
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/cart.php>
Parameter: N/A

Description: Server Version Disclosure was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing Content-Security-Policy
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/guestbook.php>
Parameter: N/A

Description: Missing Content-Security-Policy was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Frame-Options
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/guestbook.php>
Parameter: N/A

Description: Missing X-Frame-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing HSTS
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/guestbook.php>
Parameter: N/A

Description: Missing HSTS was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Content-Type-Options
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/guestbook.php>
Parameter: N/A

Description: Missing X-Content-Type-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Server Version Disclosure
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/guestbook.php>
Parameter: N/A

Description: Server Version Disclosure was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing Content-Security-Policy
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/AJAX/index.php>
Parameter: N/A

Description: Missing Content-Security-Policy was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Frame-Options
Severity: 6.0/10
Risk Level: Medium
URL: http://testphp.vulnweb.com/AJAX/index.php
Parameter: N/A

Description: Missing X-Frame-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing HSTS
Severity: 6.0/10
Risk Level: Medium
URL: http://testphp.vulnweb.com/AJAX/index.php
Parameter: N/A

Description: Missing HSTS was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Content-Type-Options
Severity: 6.0/10
Risk Level: Medium
URL: http://testphp.vulnweb.com/AJAX/index.php
Parameter: N/A

Description: Missing X-Content-Type-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Server Version Disclosure
Severity: 6.0/10
Risk Level: Medium
URL: http://testphp.vulnweb.com/AJAX/index.php
Parameter: N/A

Description: Server Version Disclosure was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: DOM-Based XSS (Potential)
Severity: 10/10
Risk Level: Critical
URL: <http://testphp.vulnweb.com/AJAX/index.php>
Parameter: N/A

Description: Potential DOM-based XSS due to usage of 'innerHTML'.
Proof of Concept: DOM Sink Found
Impact: Client-side JavaScript injection may be possible.
Remediation: Avoid unsafe DOM manipulation and validate sources.

Title: Missing Content-Security-Policy
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/login.php>
Parameter: N/A

Description: Missing Content-Security-Policy was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Frame-Options
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/login.php>
Parameter: N/A

Description: Missing X-Frame-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing HSTS
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/login.php>
Parameter: N/A

Description: Missing HSTS was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Content-Type-Options
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/login.php>
Parameter: N/A

Description: Missing X-Content-Type-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Server Version Disclosure
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/login.php>
Parameter: N/A

Description: Server Version Disclosure was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing Content-Security-Policy
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/userinfo.php>
Parameter: N/A

Description: Missing Content-Security-Policy was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Frame-Options
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/userinfo.php>
Parameter: N/A

Description: Missing X-Frame-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing HSTS
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/userinfo.php>
Parameter: N/A

Description: Missing HSTS was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Content-Type-Options
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/userinfo.php>
Parameter: N/A

Description: Missing X-Content-Type-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Server Version Disclosure
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/userinfo.php>
Parameter: N/A

Description: Server Version Disclosure was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing Content-Security-Policy
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/privacy.php>
Parameter: N/A

Description: Missing Content-Security-Policy was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Frame-Options
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/privacy.php>
Parameter: N/A

Description: Missing X-Frame-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing HSTS
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/privacy.php>
Parameter: N/A

Description: Missing HSTS was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Content-Type-Options
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/privacy.php>
Parameter: N/A

Description: Missing X-Content-Type-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Server Version Disclosure
Severity: 6.0/10
Risk Level: Medium
URL: <http://testphp.vulnweb.com/privacy.php>
Parameter: N/A

Description: Server Version Disclosure was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing Content-Security-Policy
Severity: 6.0/10
Risk Level: Medium
URL: http://testphp.vulnweb.com/Mod_Rewrite_Shop/
Parameter: N/A

Description: Missing Content-Security-Policy was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Frame-Options
Severity: 6.0/10
Risk Level: Medium
URL: http://testphp.vulnweb.com/Mod_Rewrite_Shop/
Parameter: N/A

Description: Missing X-Frame-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing HSTS
Severity: 6.0/10
Risk Level: Medium
URL: http://testphp.vulnweb.com/Mod_Rewrite_Shop/
Parameter: N/A

Description: Missing HSTS was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Content-Type-Options
Severity: 6.0/10
Risk Level: Medium
URL: http://testphp.vulnweb.com/Mod_Rewrite_Shop/
Parameter: N/A

Description: Missing X-Content-Type-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Server Version Disclosure
Severity: 6.0/10
Risk Level: Medium
URL: http://testphp.vulnweb.com/Mod_Rewrite_Shop/
Parameter: N/A

Description: Server Version Disclosure was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing Content-Security-Policy
Severity: 6.0/10
Risk Level: Medium
URL: http://testphp.vulnweb.com/hpp/
Parameter: N/A

Description: Missing Content-Security-Policy was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Frame-Options
Severity: 6.0/10
Risk Level: Medium
URL: http://testphp.vulnweb.com/hpp/
Parameter: N/A

Description: Missing X-Frame-Options was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing HSTS
Severity: 6.0/10
Risk Level: Medium
URL: http://testphp.vulnweb.com/hpp/
Parameter: N/A

Description: Missing HSTS was detected during automated analysis.
Proof of Concept: Proof of concept not automatically captured.
Impact: This issue may expose the application to security risks.
Remediation: Apply proper security best practices and input validation.

Title: Missing X-Content-Type-Options

Severity: 6.0/10

Risk Level: Medium

URL: <http://testphp.vulnweb.com/hpp/>

Parameter: N/A

Description: Missing X-Content-Type-Options was detected during automated analysis.

Proof of Concept: Proof of concept not automatically captured.

Impact: This issue may expose the application to security risks.

Remediation: Apply proper security best practices and input validation.

Title: Server Version Disclosure

Severity: 6.0/10

Risk Level: Medium

URL: <http://testphp.vulnweb.com/hpp/>

Parameter: N/A

Description: Server Version Disclosure was detected during automated analysis.

Proof of Concept: Proof of concept not automatically captured.

Impact: This issue may expose the application to security risks.

Remediation: Apply proper security best practices and input validation.
